McKenna Family Dentistry

McKenna Family Dentistry

McKenna Family Dentistry (MFD) was established in Palo Alto in 1958 by Dr. James B. McKenna, Jr., (JB). He graduated that same year from the College of Physicians and Surgeons (now known as University of the Pacific). In 1984, son Dave graduated from the same University and joined his father's practice. Originally located in downtown Palo Alto, the practice migrated to Welch Road in the late 60's, moving to their present location at 1691 El Camino Real, #300, in 1992.

Working alongside their father for 17 years, Dr. Dave and Judi McKenna Edwards, a registered dental hygienist, have continued to provide the same high-quality service and ethics that Dr. JB instilled so long ago. MFD uses the latest technology to educate

and motivate their staff and patients, striving continually to improve and grow, preserving the legacy and passion of their dad.

Dr. JB was the dentist to the SF 49ers for many years, and MFD continues to be active in the community, including Stanford athletics, veterans, and local schools. But the heart of McKenna Family Dentistry is to educate, motivate, and inspire their patients to better manage their oral health and to pass this knowledge on to their family and friends. Their goal is to be a patient-centered practice providing the highest quality dental care to our community in a fun, energetic work environment for patients and staff.

They look forward to meeting you and having you experience what has become a family tradition of service to the community. ■

Experience the Family Tradition at Our Patient Centered Practice

"We were introduced to McKenna family dentistry by a close business associate in 1997 and have continued to go there ever since. Our kids are really comfortable there because they get to watch any video they want making the experience very family friendly."

— THE THIBAUT FAMILY, PATIENTS SINCE 1997
